Directed by Sofie Lassen. 10) The Miracle Makers (1996) In this remake of the classic Kurosawa film, a Russian family survives a nuclear blast and is transported back in time to pre-communist Russia. They live on their own as a family of four, with help from a benevolent gang of local revolutionaries, who attempt to help them return to their previous state of normalcy. Directed by Nikita Mikhalkov. 9) The Theory of Everything (2014) This biopic about Stephen Hawking explores his life and the relationship with his closest family member, Jane (Emily Watson). Directed by James Marsh. 8) Waterworld (1995) A vast oil rig that sank off the coast of Australia is revealed to be a water-based world where the inhabitants live in underwater cities. Directed by Kevin Reynolds. 7) Heart of Gold (2009) An isolated orphanage on the Texas-Mexico border is run by a tough father figure, who in turn is run by the cruel and paranoid headmaster, who believes the father is soft on the children. Directed by Iain Softley. 6) Chronicle (2012) A group of high school students are transported to a medieval era where they are joined by a band of reclusive time travelers. Directed by Henry Alex Rubin. 5) Ocean's Eleven (2001) Two families of criminals are tasked with pulling off a bank robbery to make up for the losses they suffered during a previous heist. Directed by George Clooney. 4) The Boys from Brazil (1978) A group of scientists and a naive young woman kidnap a well-known world-renowned mathematician to help them develop a deadly plan to keep themselves alive. Directed by Peter Yates. 3) The Survivors (1963) A nuclear power plant and an army base are both destroyed in an accident, and the survivors are trapped in a facility together until rescue arrives. Directed by Cy Endfield. 2) Red Dawn (1984) A group of teenagers must fight the occupying forces of a North Korean soldier in the American Midwest in order to prevent an all-out nuclear war. Directed by John Milius. 1) The Day After Tomorrow (2004) A giant 82157476af
